ABOUT ME

Innovative Front-End Developer with 3+ years' experience in ReactJS, NextJS, and TypeScript. Skilled in building responsive, high-performance interfaces, leading projects, optimizing performance, and delivering client-focused solutions through clean code, collaboration, and modern front-end best practices

WORK EXPERIENCE

Frontend Developer

CodeClouds IT Solutions pvt ltd | 2024-present

- Developed and maintained user interfaces using React.js.
- Collaborated with designers and back-end developers to implement UI/UX designs.
- Optimized web applications for maximum speed and scalability.
- Troubleshoot and debugged UI-related issues.
- Implemented Unify and Shopify frameworks, accelerating project delivery timelines by 30%.
- Developed semantic websites using HTML, CSS, JavaScript, and React.
- Worked on multiple frameworks such as Checkout Champ, Shopify, and WordPress.
- Continuously learned new technologies to enhance productivity and development efficiency

Frontend Developer

Tangent Tech Solutions | 2023-2024

- Utilized skills in crafting visually engaging web and mobile application interfaces.
- Worked with multiple frameworks such as Ionic, Bootstrap, Vue.js, and .NET.
- Collaborated effectively as a team player.
- Implemented interactive dashboards and visualizations from structured JSON data.
- Delivered responsive and accessible React UI components.
- Established reusable component patterns aligned with the existing design system.

Intern Ambassador

ISRA India | July 2021 - Nov 2021

- Researched and raised awareness about government welfare schemes and services within the community.
- Demonstrated sincerity, discipline, hard work, and creativity throughout the internship.

EDUCATION

Master's in Computer Application

Amity University Online | 2024 - Present

To strengthen my academic foundation and gain professional growth, I am pursuing an MCA from Amity, which is enhancing my knowledge in computer science.

Bachelor's in Arts (Eng Honrs)

Mankar College| 2019-2022

I completed my bachelor's degree in English Literature.

SKILLS

- ReactJS
- HTML5
- ExpressJS
- Bootstrap
- PostgreSQL
- Github
- GSAP
- NEXT.JS
- CSS3
- MySQL
- SASS
- CMS (Shopify, WordPress)
- Client Communication
- Communication Skills
- Javascript
- Node Js
- API Integration
- Figma
- JQuery
- Ionic

PROJECTS

Notes Sharing Website

Mayank Study point - <https://mayankstudypoint.com/>

- Full-Stack Dynamic Website | MERN Stack (MySQL, Express.js, React.js, Node.js)
- Developed a full-stack dynamic web application enabling users to browse and purchase study notes and assignments, as well as contact the site owner directly.
- Implemented admin functionalities allowing the owner to add, update, and manage website content dynamically without code changes.
- Utilized React.js for an interactive front-end, Node.js and Express.js for efficient back-end APIs, and MySQL for secure data storage.
- Integrated user authentication, CRUD operations, and a responsive UI to ensure a seamless user experience across devices.
- Focused on scalability, clean architecture, and reusable components for easy maintenance and future expansion

Meosy Pet Shop

Meosy - <https://mayankstudypoint.com/meosy>

Meozy | Pet Accessories Sharing Website | React.js

- Developed Meozy, a pet accessories sharing platform built with React.js, utilizing useContext and useState for efficient state management and data flow.
- Implemented a dynamic, component-based architecture with reusable UI components to ensure scalability and maintainability.
- Designed and integrated a fully functional user flow—from product preview to the thank-you page, enhancing the overall user experience.
- Focused on performance optimization, responsive design, and clean code structure, following modern React development best practices
